Camp Frontier Statement of Purpose

It is the purpose of the Boy Scouts of America and Camp Frontier to provide an effective program designed to accomplish these three basic aims:

- Character development
- Citizenship training
- To develop fitness (physical, mental, emotional, and moral)

Every program activity must include at least one of these three aims; if it does not, the activity does not belong. The Scout program accomplishes these aims by using the following methods of Scouting.

- Scouting ideals
- Patrols
- Advancement
- Adult role model, coaching, and mentoring
- Outdoor program
- Leadership
- Development
- Personal growth

The Purpose of Our Camp

To provide resources, fun, and new learning experiences for the Troop that will make it better able to plan and conduct its own year-round program.

Our Principal Mission as a Camp Staff

To have a profoundly positive impact that fosters improvement in every Scout through a quality program of adventure.

All events, programs, and policies in this Leader’s/Parent’s Guide work hand in hand to develop a safe outdoor laboratory for the youth we serve.
COVID-19 Specific Information

Session Size
Each camping session will be limited to 10 groups per session. Each group must stay in separate campsites. No campsite sharing will be permitted.

Group Size
Group size will be limited to 10 total people per group (number subject to increase with state and local health orders). All groups must have 2 deep leadership so there is a limit of 8 youth max per group. Troops with group sizes larger than 8 youth will have to split into multiple groups. One group per campsite, no sites will be shared. For groups larger than 10 total people please contact steve.porter@scouting.org for options before scheduling.

Medical Pre-Screening
Each participant must use the medical pre-screening checklist on page 16. Individuals with possible COVID-19 exposure in the last 14 days must stay home and not attend for the safety of others.

BSA Health and Medical Forms
All individuals will be required to turn in the BSA Health and Medical Record (Parts A and B) upon arrival at camp. Part C will not be required for this event as it is under 72 hours in length.

At-Risk individuals
We recommend that individuals that fall into the “At-Risk” categories for COVID-19 not attend our camping program. “At-Risk” individuals wanting to attend must have a written doctor’s permission to attend attached to their medical form upon arrival. For a list and descriptions of “At-Risk” cases visit https://www.cdc.gov/coronavirus/2019-ncov/need-extra-precautions/groups-at-higher-risk.html

Driving to camp
Scouts are encouraged to travel to camp with members of their immediate family. If carpooling is to be arranged, masks should be worn in the vehicle social distancing should be used when available.

At Camp Health Screening
When arriving at camp each vehicle will stop at a checkpoint before entering main camp. A medical pre-screening will be completed on all individuals including a temperature check. If one or more persons in the vehicle does not pass the health screening check, the entire vehicle will not be permitted into camp. Be sure to require everyone to pre-screen before coming to camp to avoid being sent home.

Social Distancing at camp
Individuals will be asked to maintain a distance of at least 6 feet or more between others whenever possible. Program areas will be arranged in a way to help facilitate this rule. Signs and staff verbal reminders will help enforce this during program times.

Mask/Facial Covering Usage at camp
Individuals will be required to cover their faces with a mask or facial covering when inside any public buildings or within close proximity to others outdoors. Faces are not required to be covered when alone or while a meal is being eaten. Individuals will be required to provide their own facial coverings while at camp. It is recommended to bring a minimum of 4 masks per person so a new covering can be worn each day. Acceptable coverings include.

- Disposable mask of any kind
- Washable cloth mask
- Bandana
- Scout neckerchief

Tenting Requirements
There will be a limit of one person per tent. This includes camp platform tents and troop personal tents. Troops that have issues with having enough tents to meet this requirement can reach out to steve.porter@scouting.org to discuss options.
Covid-19 Specific Information (Cont.)

Personal Hygiene at Camp
Scouts should be encouraged to keep themselves clean while at camp. Frequent hand washing and use of hand sanitizer should be strictly enforced. Scouts should be encouraged to shower daily while at camp. Scouts should also be reminded to cover coughs and sneezes with a tissue or the inside of their elbow. Scouts should be reminded that the sharing of water bottles, eating utensils, masks, or other items that touch the face will not be allowed.

Handwashing Protocol
Safe handwashing practices provided by the CDC will be posted in all restrooms and latrines in camp. Scouts should be encouraged to follow guidelines.

Traveling Around Camp Etiquette
It is the overall goal of our program to eliminate interactions between groups at camp. Groups should be aware of their surroundings and offer ample space to other units as they travel around camp. Groups should travel together and not allow Scouts to travel on their own or with any portion of the group. When 2 groups are approaching one another, one should move off the path and into the grass to leaving a large space for the other group to pass.

Public Shower and Restroom Etiquette
Individuals should plan to use their campsite latrines for restroom purposes as much as possible. Groups should travel to and use shower houses together. If one group is already using the shower houses the other group should wait at a far distance or come back at another time. Shower houses and public restrooms will be cleaned multiple times per day in accordance with CDC cleaning guidelines. Troops will be provided with cleaning products to clean their latrines often.

In Campsite Latrine Etiquette
Scout should practice social distancing when using latrines sinks. Sink handles, door handles, toilet seats, and other surfaces that are touched by hands should be wiped down often. Scout should be reminded that they are required to wash their hands after using the latrine.

Food Service
This program will include options for camp to supply raw food ingredients (plan B) or to bring your own food to cook (plan C). Plan B Menu and Patrol instructions can be found at https://www.psrweb.org/2020TroopProgram
ATTENTION: Due to the virus, no troop will be allowed to store food at the dining hall.

Food preparation in the campsite
When preparing food at the campsite all cooks must follow safe food handling guidelines to prevent the spread of communicable diseases. Individuals will be required to;

- Wear a mask or facial covering throughout food preparation and serving.
- Wash/sanitize hands before touching or preparing any food and when necessary during preparation.
- Wear disposable food-safe gloves when touching any food
- 2 sets of food gloves will be provided per meal for plan B units. Plan C units will be required to provide their own gloves.

  - Do not conduct surveillance or photograph persons in areas where there is an expectation of privacy without the individual’s permission. Specifically, near the pool showers.

Camp Frontier Troop Program 2020
Troop Camping Program FAQ

**Does the group limit of 10 mean 10 Scout or 10 total people?**

Groups will be limited to whatever the current limit is set by the state and local health department, currently, group size is limited to 10 people total while maintaining two-deep leadership at all times. For example, the largest number of youth per group is 8 since 2 spots must be filled by adult leadership.

**What if my Troop is over the 10 person limit?**

Units will be given the option to split into multiple groups staying in different campsites with independent schedules. Two-deep leadership is required for each separate group. Contact steve.porter@scouting.org to set up this multiple group option.

**Are there any exceptions to the one person per tent rule?**

In general, only one person will be allowed per tent while at camp. Special consideration can be made for family members that live in the same household. In this scenario, youth siblings of the same gender may share a tent if needed. The same goes for married spouses. BSA youth protection guidelines do NOT allow for Scouts BSA youth to share tents with adult parents at any time.

**What if my troop does not have enough tents to maintain the 1 tent per person ratio?**

PSR has extra tents that can be made available to your unit. Please contact steve.porter@scouting.org to discuss options for your troop.

**Will there still be early bird hats?**

We will not be offering hats this summer. Due to canceling our summer program, we have decided to save all design work for this summer and use it for our traditional program next summer. Any custom orders that have already been purchased will be refunded.

**Will we still be able to order/buy the camp shirt/sweatshirt this year?**

We will not be selling the yearly camp shirt or sweatshirt this year. Due to canceling our summer program, we have decided to save all design work for this summer and use it for our traditional program next summer. Any pre-orders that have already been purchased will be refunded.

**Will this program include any larger group activities?**

This program is designed for participation at the Troop level. All normal camp-wide events and activities including; dining hall meal service, flag ceremonies, campfire programs, camp wide games, and root beer cantinas will NOT be included in this program.

**Will there be opportunities to earn merit badges at camp?**

This program doesn’t not include any full merit badge advancement. However, some of the activities might be able to be used towards certain merit badge requirements. There will be an opportunity to work on rank advancement while at camp. Your troop could also easily use free time to do a troop led merit badge or two while at camp.
